

# LECTURE SERIES 2015 SPEAKER LINE-UP

Thursday, January 29th, 2015 from 6-9 at El Caballero Country Club

## **Bruce J. Crispin, DDS, MS**

### **“Making Complex Fixed Prosthodontics Less Complex”**

**Dr. Crispin** is one of the only dentists in the world that is both a Diplomat of the American Board of Prosthodontics and an Accredited Member of the American Academy of Cosmetic Dentistry. He has been an international educator for over 40 years and founded the UCLA Center for Esthetic Dentistry in the late 80's and Esthetic Professionals Dental Education Center in the late 90's.

This lecture will share Dr. Crispin's secrets to success that have been taught to hundreds of residents at Esthetic Professionals Dental Education Center. The key is to break treatment down into small “Baby” steps that anyone can accomplish. This keeps problems minimal, allows for staging to spread out costs and maximizes profits.

Thursday, April 30th, 2015 from 6-9 at El Caballero Country Club

## **Dr. Edmond R. Hewlett**

### **“Stick to the Basics!” – The Secrets to Predictable Adhesive Dentistry”**

**Dr. Edmond R. Hewlett** is a Professor of Restorative Dentistry and Associate Dean for Outreach and Diversity at the UCLA School of Dentistry. He earned his D.D.S. (1980) and certificate in Prosthodontics (2003) from UCLA. Dr. Hewlett's bibliography includes numerous scientific articles and 2 book chapters. He has presented over 300

invited lectures and courses on adhesive restorative dentistry materials and techniques.

This presentation will provide attendees with a path through the hype to arrive at sound, practical, evidence-based tips for selecting and using today's adhesive restoratives. Learn how to select materials according to specific patient factors, how to place posterior composites more efficiently while eliminating post-op sensitivity, and more!

Thursday, October 8th, 2015 from 6-9 at El Caballero Country Club

## **Dr. Isaac Comfortes**

### **“Creativity in Anterior Aesthetics”**

**Dr. Isaac Comfortes** graduated from USC School of Dentistry in 1974 where he served as an Assistant Clinical Professor for 20 years. He has always been passionate about aesthetic dentistry and has shared his knowledge in C.E. courses and hands-on workshops since the early 80's. Dr. Comfortes has written several articles and lectured nationally and internationally. He has been practicing Aesthetics and Reconstruction in Encino since 1976.

public. Success is dependent on case selection, excellent verbal and clinical skills and outstanding laboratory support. Anterior aesthetics combine both art and science. Anterior aesthetics provides dentists the opportunity to explore their creative side, have fun and find new meaning to success. Dr. Comfortes will discuss the creative process and share some examples with anterior aesthetics.
